

COCKTAIL WORKSHOP

ALBERT AND DAMIAN

We are the owners / founders of Caoba Cocktail Bar and since 2014 we have worked together directing and supervising different bars and restaurants in Barcelona, Madrid, Amsterdam and now – Palma de Mallorca. During these years we have developed ourselves within the world of gastronomy in general but more specific within the art of mixing drinks. After spending years behind some of the best bars in the country we decided to follow our dream and open our own bar to spread the spirit, passion and soul of what we consider to be hospitality.

CAOBA, WHO ARE WE?

Caoba is a cocktail bar in the heart of Santa Catalina, where we specialize in signature cocktails. Since its opening in 2019 we have focused on the creation of our own made cocktails inspired from the Classics, the Mediterranean and the Caribbean roots and spirit. Our team is formed by of experienced bartenders coming from different parts of the world who, like us, are in love with the hospitality business. They will contage you with their passion for the beautiful art of cocktails.
